

First Deputy Prime Minister and Minister of Foreign Affairs of the Republic of Serbia Ivica Dacic received today Chinese Ambassador to Serbia Li Manchang.

Minister Dacic thanked Ambassador Li Manchang for the donation made by the Chinese Government, consisting of computer and office equipment, to be used by the Ministry of Foreign Affairs and the Serbian European Integration Office. Besides, the Chinese Government has also donated 25 incubators for prematurely born infants, which will be distributed to health institutions in Serbia via the Ministry of Health.

Interlocutors stressed in their cordial conversation that this gesture reflected years-long friendship, cooperation, and mutual understanding.

Strategic partner relations between Serbia and China were also reaffirmed on the occasion of the visit that Premier Li Keqiang made to Serbia in December 2014.
