The Ministerial meeting would be held in the "Gymnich" format, said Mrkic. He also specified that Kosovo Foreign Minister Enver Hoxhaj could also participate at the meeting in such a format and that Serbia had no objections to it.

The "Gymnich" format used by the Ministers of EU member states for informal talks, means that the participants of the meeting are presented under their personal names.

"We are willing to go to Macedonia, and this is known by all those who should know it," Minister Mrkic said ahead of tomorrow's meeting.
