

Bratislava, January 2012 - At the beginning of 2012, Serbia received an associate member status with EUNIC Bratislava (the network of European Union cultural relations institutes), thus opening up prospects for presenting Serbian culture as part of European heritage, and for participation at a number of cultural events that EUNIC stages throughout the year in the Slovak Republic. So far, Serbia has been presented at events such as the Linguistic Cafe (February and June), Literature Night 2012 (May), concert held on EU Day (May) and the Euro Film Club (August).
