

This year, the traditional humanitarian diplomatic Bazaar, held on Sunday 7 December, in New Delhi, included the participation of the Embassy of the Republic of Serbia.

The wide and diverse offer at our Embassy's booth, ranging from national food products to handicrafts, attracted great attention of the visitors, and the proceeds from product sales ranked the Serbian booth among the most successful at this year's Bazaar. In addition to raising funds for charity, this was an opportunity for countries with diplomatic missions in India to promote their culture, tourism, national cuisine, traditional handicrafts and other specific features.
