

In the context of a project "Friends of the World", Jelena Nikolic and Chihaya Oyaizu from the Embassy of Serbia in Japan visited Shinozaki 2 Elementary School in Tokyo, on 14 March 2018, where the pupils learned about the history of Serbia in the 20th century. The project is carried out by the Committee on Education of the City of Tokyo, in the context of the 2020 Tokyo Olympic and Paralympic Games, while Shinozaki 2 School is tasked with working together with Serbia, Greece and Palestine.

According to the School's plan, its pupils are supposed to learn as much as possible about the said countries prior to the next Olympics, as well as to keep abreast of their sports activities, and to support athletes upon their arrival to Tokyo. Ever since 2016, the school has maintained cooperation with the Serbian Embassy and has been organizing various activities aimed at presenting Serbia, while the sixth-graders visited the Embassy in early 2017.

Podopredsjednik Srbije predstavlja Srbiju u organizaciji udruženja "Friends of the World" u ambasadi u Tokiju
