

## New Delhi: Serbia as a destination for school trips

Wednesday, 26 December 2018.

---

Tourist attractions and places of cultural interest in Serbia were presented to the owners and head teachers of private primary and secondary schools in New Delhi so that they could send their students on school trips to our country. The presentation at the Embassy of Serbia was done by Ambassador Vladimir Maric and his Deputy Ljiljana Belojevic, who, apart from tourist attractions, also promoted sports camps. The event was hosted in cooperation with "Ev links" company, which already organizes trips to Serbia.

Forty guests found the presentation as being informative and useful, and saw Serbia as a potential new destination for their student trips in the future.
