

The Consulate General in Toronto, together with the "Desanka Maksimovic" Association of Canada, organized a literary evening on Gordana Simeunovic's collection of poems "Apple in Serbian Poetry" on 3 October, at its premises.

An apple, as a source of inspiration for a large number of poems in Serbian poetry, is the theme of this selection of poems which have been collected from different periods of time, from folk to contemporary Serbian poetry. The author, Gordana Simeunovic, whose poetry has been translated to several world languages, lives in Serbia and could not come to Canada to attend this literary evening but she sent a letter of cordial thanks to the Consul General of the Republic of Serbia in Toronto for hosting the presentation of her collection of poems at the Serbian Consulate General.
